## Check-In Options for Holiday Travel

**This heads-up will make you an airport-savvy traveler.**

The December holiday period is one of the busiest and most exciting travel times of the year. Airports bustle with activity as travelers seek the most hassle-free way to get where they need to be. The good news is that skipping lines and saving time at the airport has never been easier. One or more of American's [convenient check-in options](#) is perfect for you.

### **Check In from a Personal Computer with Flight Check-In at AA.com**

All you need is an Internet connection and a printer. When flying on a domestic e-ticket, you can print a boarding pass and select or change seating assignments up to 24 hours before a flight. At the airport, simply proceed directly to Security and on to your gate. If you have bags to check, stop at Curbside Check-In or Self-Service Check-In.

### **Use Self-Service Check-In Machines at the Airport – Now with New Features**

Located near the ticket counters at many airports, Self-Service Check-In machines enable you to print a boarding pass, request an upgrade, select or change seats, or standby for an alternative flight when traveling on a domestic e-ticket. If you used Flight Check-In on AA.com, you can check bags here too.

**New!** If you have more than two bags to check — a common situation this time of year — there's no need to go to the ticket counter. You can now check-in at a Self-Service machine and put the baggage charge on a credit card. After the first two free checked bags, you can check up to three additional bags (under 50 pounds each) for the standard baggage surcharge when traveling domestically. The popular and user-friendly Self-Service Check-In is now available at more than 94 airports across the United States and Canada.

### **Use Curbside Check-In at the Airport**

At more than 80 airports nationwide, you can check bags and get a boarding pass at the curb, then proceed directly to Security without stopping at the ticket counter.

### **Need Additional Assistance? Agent Check-In is for You**

International travelers or those who prefer personal assistance can see an agent at the ticket counter for check-in.

Plan ahead, save time, and make the season a happier one, simply by choosing from American's convenient check-in options.

## Operation USO Care Package

**Sponsor a Holiday Care Package for the troops for \$25 and earn 125 AAdvantage miles.**

Support the troops this holiday season! The USO, in partnership with the AAdvantage program, makes it easy as well as meaningful with Operation USO Care Package. Sponsor a care package for only \$25 to provide a service member with requested items such as pre-paid worldwide phone cards, travel-size toiletries, snacks, and even a personal message to thank them for their service. In taking time to remind the troops that they are appreciated and have not been forgotten, you will give valuable support to those who are spending months away from their family and friends this holiday season.

The need is great, with hundreds of thousands of U.S. troops currently deployed around the world. Due to heightened security, individuals can no longer send letters or packages addressed to "Any Service Member." Operation USO Care Package offers an excellent way for you to give one-on-one support. And, when you act now through December 31, 2005, you will earn **125 AAdvantage miles** for your \$25 donation.

Help the USO show our troops how much AAdvantage members appreciate their service and sacrifice with a special "touch of home." To donate, go to [usocarepackage-aa.org](http://usocarepackage-aa.org).

### New JFK Terminal

#### American's impressive new terminal at JFK Airport is now open.

American's new terminal at New York John F. Kennedy International Airport is now open! Phase One features a dramatic, 57,000-square-foot ticketing lobby with a 65-foot ceiling and 101 ticketing positions. That lobby is linked to a sparkling Concourse C by an underground tunnel, escalators, and moving walkways. The automated baggage-handling system has four baggage carousels. And of course there's an expansive new Admirals Club® lounge, with 11,300 square feet, seating for 185 people, and amenities including individual workstations, showers, and more.

The new facility — the largest one at JFK housing a single airline — allows American Airlines to continue to meet growing customer demand. It was designed to provide the most convenient and comfortable travel experience possible. We serve about 8.5 million customers a year at JFK and have invested in more airport facilities in the New York area in the past decade than all other airlines combined. We currently provide service from JFK to 38 destinations, including 18 daily flights to the West Coast and 49 daily flights overseas.

When Phase Two of construction is completed in the spring of 2007, the terminal will cover 1.5 million square feet and provide 36 gates — 27 for jet operations (19 of which can support arriving international flights) and nine for regional jets. There will be 24 Self-Service Check-In Machines, eight curbside check-in positions, and 10 security lanes to process nearly 1,800 passengers an hour.
