

## ***PRIVATE CAR TRANSFER AT LAX***

*More privacy when needed.*

Need an extra level of privacy at Los Angeles International (LAX) for travelers? We're pleased to introduce a new Private Car Transfer service option for Entertainment and Media customers using Five Star Service.

Our Private Car Transfer service transports arriving Five Star Service travelers from the aircraft to a point within the LAX airport property. Exact drop-off locations will be coordinated between our American Airlines Premium Services team and the local car service.

The cost of the Private Car Transfer service is a flat fee of \$500 for the vehicle (up to 5 people maximum), plus applicable Five Star Service fees.

To expedite transfer from the plane to car service via Private Car Transfer, checked baggage will not be placed in the car transfer. Be sure that a member of the VIP entourage team is available to claim baggage as usual.

Ready to book Private Car Transfer? Call us at 877-578-2702 or email us at [fivestar.service@aa.com](mailto:fivestar.service@aa.com) at least 24 hours in advance. Our dedicated Five Star Service team is available 24/7 to assist with bookings.
